

List of Post Graduate Dissertation

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(I BATCH 2007)

1. Dr.S.Veerabhadra Rao

--- "A STUDY OF SOLITARY THYROID NODULE, ROLE OF DIAGNOSTIC MODALITIES AND MANAGEMENT".

2. Dr. S.Sailaja

--- "A CLINICAL STUDY OF ACUTE INTESTINAL OBSTRUCTION".

3. Dr.M.Ramaraju

--- "A CLINICAL STUDY OF DUODENAL PERFORATION".

4. Dr.K.Ramesh

"A CLINICAL STUDY & MANAGEMENT OF UMBILICAL & PARA UMBILICAL HERNIA IN ADULTS".

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(II BATCH 2008)

1. Dr. C. Sridhar

“A CLINICAL STUDY ON MASS IN THE RIGHT ILIAC FOSSA”.

2. Dr. Prashanth

“ A CLINICAL STUDY OF ACUTE APPENDICITIS AND EVALUATION OF ALVARDO SCORE IN THE DIAGNOSIS”.

3. Dr. M. Harika

“A STUDY ON MANAGEMENT PROTOCOLS OF LUMP BREAST DEPENDING ON FNAC-EXCISION BIOPSY – HPE STUDIES

4. Dr. V. Mrudula Kumar

“A CLINICAL STUDY ON GASTRO INTESTINAL PERFORATION.

5. Dr. Ch. Simhachalam

“A CLINICAL STUDY ON BENIGN THYROID SWELLINGS”.

6. Dr. V. Chandra Mohan

“A CLINICAL STUDY AND MANAGEMENT OF INCISIONAL HERNIA”.

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(III BATCH 2009)

1. Dr.G.Gautham

“A CLINICAL STUDY OF ACUTE PERITONITIS”.

2. Dr. K.Raja Sekhar

“A CLINICAL STUDY OF BENIGN BREAST DISORDERS”.

3. Dr.Ravindra Babu

“A CLINICAL STUDY OF EFFICACY OF BAND LIGATION IN THE TREATMENT OF SECOND DEGREE HAEMORRHOIDS”.

4. Dr.K.Satyanand

“A CLINICAL STUDY AND MANAGEMENT OF BLUNT TRAUMA ABDOMEN”.

5. Dr.B.Sandeep

“A CLINICAL EVALUATION AND MANAGEMENT OF CHOLELITHIASIS”.

6. Dr.C.Geeta Kumari

“A CLINICAL STUDY AND MANAGEMENT OF VARICOSE VEINS IN THE LOWER LIMB”.

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(IV BATCH 2010)

1. Dr.G.Kalyan

“Acute Intestinal Obstruction in adults”

2.Dr.D.Vijaya Krishna.

“Comparative study of Anatomical Repair and lichenstein Repair for Inguinal Hernia”.

3.Dr.U.Suman.

“Different Strategies (i.v. Lidocaine & Gum Feeding) to shorten Post Surgical ileus – A prospective study.”

4.Dr.Ch.Kalyan Babu.

“ Hyperbilirubinemia and CRP as predictors of Appendiceal gangrene / perforation – A prospective study”

5.Dr.K.Suhas Chaitanya

“A Clinical Study on Duodenal Perforation”

6.Dr.S.Lavanya.

“A Clinical study and different Modalities of Treatment in Ventral Hernias”

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(V BATCH 2011)

1. Dr. Ayyar Srinivas Mahesh

“Clinico-etio-pathological study of Liver Abscess.”

2. Dr. G. Naveen Bharath

“Clinical study of Ac. Appendicitis with preference to clinical presentation, treatment and follow up.”

3. Dr. R. Pavan Kumar.

“A Randomized case control clinical trial to compare antibiotic versus normal saline instillation into the peritoneum in the management of secondary peritonitis.”

4. Dr. Lenin. K.

“Efficacy of Fine Needle Aspiration Cytology in the Pathological diagnosis of Solitary Thyroid Nodule.”

5. Dr. T. Sri Kanth

“Comparative Study of Laparoscopic and open cholecystectomy for symptomatic Stone diseases.”

6. Dr. G. Vidya Sagar.

“A Prospective Study of Incidence of Malignancy in Multi Nodular Goiters.”

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(VI BATCH 2012)

1.Dr.S. Maheswara Reddy Kallam

“Evaluation and Management of Diabetic Foot according to Wagner’s Classification”

2.Dr.S. Satyanarayana Reddy,

“Study on Clinical presentation and various Modalities of Treatment of Gall Stone Disease”

3.Dr.P.Sai Ram

"A clinical study comparing VAC dressing with conventional dressing in diabetic wounds"

4.Dr.C.V.R.S. Gajapathi Raju Sagiraju

“Clinical study of Peritonitis”

5.Dr.G.Aditya Raghav

“A Clinical study of Benign Breast disorders”

6.Dr.B.Vidya Kiran

“A Case study of 100 cases of Acute Abdomen excluding Trauma Cases with reference to epidemiology and management”

7.Dr.K.Siva Krishna

" A Clinical Study of Ac.Appendicitis and evaluating alvarado score in diagnosis and treatment".

8.Dr.Narendra Villuri

“A Clinical Study of Non traumatic Gastro Intestinal Perforations”

9.Dr.Naveen.Katragadda

"Clinical Study of Complicated Inguinal Hernia "

10.Dr.K.Siva Rama Prasad

“A Clinical study on Carcinoma Thyroid”

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(VII BATCH 2013)

1.Dr.Y.Siva Pradeep

“Utility of Surgical APGAR score in predicting post operative morbidity and mortality in General Surgical Procedures.”

2.Dr.G.Abhinav,

“ A Clinical Study of Resection and Anastomosis of Bowel in our surgical Practice. ”

3.Dr.Ch.Sravan Kumar

"Role of Diagnostic Laparoscopy for staging in Abdominal Malignancies ."

4.Dr.M.Ramya Sri

“Clinico Pathological study of Chronic Cervical Lymphadenopathy.”

5.Dr.T.Yashwanth

“Incidence of SSI in Elective Abdominal Surgery.”

6.Dr.K.Balaji

“A Prospective Comparative study of Open vs Laparoscopic Appendicectomy ”

7.Dr.V.Vishwaksen

" Study of Clinical features & management of benign ulcers of the leg & Foot."

8. Dr.V.Sravya

"A Clinical study of Abdominal Wound Dehiscence."

9.Dr.A.Sravanthi

"Clinical Study of Post operative complications of Thyroidectomy."

10.Dr.B.Mahendra Giri

"A Clinical Study of Hollow viscus Perforation. "

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(VIII BATCH 2014)

1.Dr.N.Sudhir Varma

“Port Site Infiltration and Intra peritoneal injection of Bupivacine Vs Conventional Analgesics in Controlling Post operative pain following Laparoscopic Surgeries.”

2.Dr.O.Ravi Chandra Reddy,

“ Effect of Platelet Rich Plasma on Wound Healing of Leg Ulcers. ”

3.Dr.G.V.S.Abhishek

"The study of antibiotic prophylaxis in clean and clean contaminated surgical wounds ."

4.Dr.Raghvendra Harsha.O

“Evaluation of Upper abdominal pain by Upper GI Endoscopy.”

5.Dr.G.Bhargavi

“Accuracy of Ultrasonography in Acute and Chronic Abdominal Conditions .”

6.Dr.Vanya.B

“Comparative study of topical Application of 2% Diltiazem and Lateral Sphincterotomy of Chronic Fissure in Ano. ”

7.Dr.Ch.Surendra Babu

" Clinico Pathological study of Salivary Gland Swellings."

8. Dr.K.Sruti

“Role of Endoscopic III Ventriculostomy in the Comprehensive management of Hydrocephalus.”

9.Dr.E.Hema Kumar

“A Comparative study of Clinical Findings, Ultrasonography and Histopathology in Benign Breast Diseases.”

10.Dr.Y.Anvesh Reddy

"A case study on post – operative wound infections. "

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(IX BATCH 2015)

1. Dr.D.Mahesh Rahul : “A Comparative Study of Open Vs Laparoscopic Hernia Repair for Umbilical and Para Umbilical Hernia”.

2. Dr.N.V.N.Praneeth : “Evaluation of Portsmouth – Possum Scoring system in Assesing the Surgical Outcome in General Surgery Patients”.

3. Dr.N.Raghuram : “A Study of Uncomplicated Inguinal Hernia Repair as a Day Care Surgery”.

4. Dr.K.Abhiram : “A Clinical Study to correlate between Cytological and Histopathological Findings in Diagnosis of Multinodular Goitre”.

5. Dr.Vali Babu Shaik : “Management of Lower Limb Varicose Veins Conservatively and Surgically based on CEAP Classification”.

6. Dr.L.Bharadwaj : “Comparative Study of Stainless Steel Staples Closure of Skin Wound Versus 3.0 Ethilon Closure”.

7. Dr.D.Sowmya : “Prospective Analysis of outcomes in Elderly Patients undergoing Laparotomies for Gastro Intestinal Causes”.

8. Dr.K.Chaitanya : “Clinico Pathological Study and Management of Blunt Trauma Abdomen at Eluru,ASRAM”.

9. Dr.G.Hari Prasad : “A Clinical Study of peripheral vascular disease due to Atherosclerosis in Diabetic Foot”.

10.Dr.B.Suhasini : “Clinical Study and Management of Non Traumatic Acute Abdomen”.

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(X BATCH 2016)

1. Dr.K.Chandra Sekhar Reddy

A Comparative study of Colostrum dressing versus Conventional dressing in wounds.

2. Dr.P.Varun

“Evaluation of Mannheim's Peritonitis index in patients with Peritonitis due to Hollow Viscus Perforation”.

3. Dr.M.Nikesh

“Comparative study between Intermittent & Continuous Suturing in Emergency laparotomy”.

4. Dr.G.Swamy Vivek

“Comparative study between conservative dressings and dressings with papain - Urea & Silver colloid in case of skin ulcers”.

5. Dr.P.Naga Manvi

“A Clinical study comparing PDGF dressing and VAC dressing in Diabetic Ulcer”.

6. Dr.K.Surya Teja

“Clinical study and Management of Solitary Thyroid Nodules

7. Dr.A.Yamini Deepthi

“A Comparative study of stapler Haemorrhoidopexy versus open Haemorrhoidectomy”.

8. Dr.B.Kalyan Vijay Kumar

“ A Comparative study of Preservation Vs Division of ilioinguinal iliohypogastric, and Genital Nerves during Lichenstein Hernioplasty”.

9. Dr.D.Sathi Reddy

“Clinical Study and Management of Incisional Hernia with Mesh Repair”.

10. Dr.P.Shirin

“A Clinical Study to determine Pre-operative Predictive factors for difficult Laparoscopic Cholecystectomy”.

DISSERTATION TOPICS OF POST GRADUATE STUDENTS IN SURGERY

(XI BATCH 2017)

1. Dr.G.Venkata Srinadh

A Comparative study of Serum Cholesterol, Bilirubin, Phosphate and Calcium in patients with Gall Stone and Normal Persons”.

2. Dr.V.Ram Kishore

“A Clinical Study of Pancreatitis due to Gall Stone Disease”.

3. Dr.K.Sidhardha

“Evaluation of ALVARADO SCORING in diagnosis of acute Appendicitis and its correlation with Histopathological and operative findings”.

4. Dr.G . Govind

“A Clinical Study of Post operative Complications of Thyroidectomy ”.

5. Dr.R.Pooja

“A Comparative Study of Percutaneous Catheter Drainage Vs Percutaneous Needle Aspiration in the treatment of Liver Abscess in Tertiary care Center, ASRAM, ELURU ”.

6. Dr.V.N.V.Ravi Teja

“A Prospective study on factors affecting the outcome in bowel anastomosis in tertiary care center, ASRAM, ELURU”.

7. Dr.J.Mounica

“An analytical Study of Clinicopathological and predictive factors in diagnosis, management and outcome in Necrotising Fascitis”.

8. Dr.P.Subash Chandra

“ A Comparative study of Topical Phenytoin Vs Normal Saline Dressing in the healing of Chronic Diabetic Foot Ulcers – A Randomized Control Study”.

9. Dr.B.Yaswanth Kumar

“A Prospective study comparing the effectiveness of APACHE II and MANNHEIM Peritonitis index in Predicting the outcome in patients with perforative peritonitis”.

10. Dr.K.Sunil

“A Clinical Study of Various Prognosis factors for better management of Diabetic Foot”.
