

INTEGRATED TEACHING FROM JANUARY 2017 TO DECEMBER 2017

Date	Name of the Speaker	Designation	Department	Topic
18.01.17	Dr.S. Vankateswara Rao	Professor & HOD	Radiology	A rare case of synergy of Hiatus hernia with right sided bochdalek hernia
30.01.17	Dr.G. Swarnalatha Devi	Professor & HOD	General Medicine	A paper on retrospective case study of incidence and etiology of anaemias at ASRAM, Eluru
	Dr.Manas Ranjan Sahoo	Associate Professor	Paediatrics	A case report of 3 years male child with fever and lymphadenopathy
10.02.17	Dr.B.V.Rama Chandra	Professor & HOD	Dermatology	Mutilating Dactylitis - A case report
	Dr.A. Vasundhara	Professor & HOD	Paediatrics	A case report of successful outcome of therapeutic hypothermia in an asphyxiated newborn
28.02.17	Dr. I. Tammiraju	Assistant Professor	Cardiology	A rare case of thrombotic occlusion of prosthetic Aortic valve - strategically managed with thrombolysis
	Dr.K.Suma	Assistant Professor	Pathology	Mean platelet volume in subjects with coexisting iron deficiency anaemia and acute calculous cholecystitis
10.03.17	Dr. Srinivasa Ayyar	Assistant Professor	General Surgery	Our experiences with abdominoplasty along with hernioplasty for incisional hernia repair
	Dr.G. Swarnalatha	Prof. & HOD	General Medicine	A rare case of DRESS Syndrome
27.03.17	Dr. M. Simhachalam	Assistant Professor	Paediatrics	A case of neonatal cholestasis with fulminant hepatic failure
	Dr.G. Swarnalatha	Prof. & HOD	General Medicine	Correlation of HbA1C levels to diastolic dysfunction assessed by echocardiography in stroke patients
10.04.17	Dr. K. Vandana	Prof. & HOD	OB&GY	Bladder endometriosis - a rare case report
	Dr. C. Swathi	Assistant Professor	Pathology	Gastrointestinal stromal tumour (GIST) - Jejunum
25.04.17	Dr.K.Anji Reddy	Director & Plastic Surgeon		Whither Medicine? Self Introspection with personal experiences
10.05.17	Dr. K. Rajekar Babu	Assistant Professor	Paediatrics	A case report of a three year old child with swinflu
	Dr. A. Anjana Priyanka	Assistant Professor	Pathology	Intestinal Endometriosis
	Dr. D. Lokanadham	Professor	General Surgery	
25.05.17	Dr.Manas Rangan Rout	Associate Professor	E.N.T.	An interesting case presenting with mass in the external auditory canal
	Dr.S.Venkateswara Rao	Professor & HOD	Radiology	
	Dr.T.Asha	Professor & HOD	Pathology	
	Dr.K. Vandana	Professor & HOD	OB&GY	A case of Gastroschisis with short umbilical cord and single umbilical artery
	Dr.A. Vasundhara	Professor	Paediatrics	
	Dr.S.Venkateswara Rao	Professor & HOD	Radiology	
	Dr.G.Vahini	Associate Professor	Pathology	

Date	Name of the Speaker	Designation	Department	Topic
12.06.17	Dr.Manaswini Das	Assistant Professor	Microbiology	A case of Tinea corporis and cruris due to epidermophyton floccosum
	Dr.B.V.Rama Chandra	Prof. & HOD	Dermatology	
	Dr.K.Suma	Assistant Professor	Pathology	Comparative study of conventional pap smears and liquid based direct to vial thin layer preparation
	Dr.T.Asha	Professor & HOD	Pathology	
27.06.17	Dr. V.G. Prabhu Kiran	Associate Professor	Psychiatry	A case report on severe depression with psychotic symptoms(Nihilisticdelusions)
	Dr.B.V.Rama Chandra	Professor & HOD	Dermatology	Unusual cutaneous presentations in SLE and associated systemic involvement - A note on management
12.07.17	Dr. Suma Kaza	Assistant Professor	Pathology	Male breast carcinoma - A rare microscopic variant
25.07.17	Dr. Nirupama	Assistant Professor	Dermatology	Clinico Pathological correlation of Lichen Planus Lesions
	Dr.K.Suma	Assistant Professor	Pathology	
	Dr. Manas Ranjan sahu	Associate Professor	Paediatrics	A rare case of Beta Thalassemia major presented with hyperglycemia
	Dr. A. Vasundhara	Professor	Paediatrics	
10.08.17	Dr.Manas Ranjan Rout	Associate Professor	E.N.T.	Case report on Malignant Otitis Externa
	Dr. D. Lokanadham	Professor	General Surgery	A case study on Hemanigioendothelioma
	Dr.G. Vahini	Associate Professor	Pathology	
29.08.17	Dr.Srinivas Ayyar	Assistant Professor	General Surgery	CHIVATES - Haemarroidopexy Clinical study
	Dr.G.Vahini	Associate Professor	Pathology	Dynamic Approach to Gynaecomastia
11.09.17	Dr.T.Asha	Professor & HOD	Pathology	Role of bone marrow trephine biopsy in diagnosis
25.09.17	Dr. A. Vasundhara	Professor	Paediatrics	A case report on successful outcome of a new born with severe Respiratory distress - by HFO mode of ventiltion
	Dr. R. Somasundara Babu	Professor & HOD	Psychiatry	Study on subclinical Depression, Anxiety and Stress among medical students
10.10.17	Dr.M. Simhachalam	Assistant Professor	Paediatrics	A cross sectional study of PEFR (Peak Expiratory Flow Rate) values in Asthmatic children aged (7-12) years attending paediatrics OP, ASRAMS, Eluru
	Dr.A.T. Rao	Professor	General Surgery	A case report on testicular mass in a 14 year old boy
	Dr. M.A. Satyanarayana	Assistant Professor	Pathology	
25.10.17	Dr.A. Vasundhara	Professor	Paediatrics	A study on Radiological and Electro Physiological abnormalities in children presenting with afebrile seizures in a tertiary care centre - ASRAM Hospital
	Dr.Shabana Shireen	Professor	Biochemistry	Effect of preanalytical factors on variation in Glucose levels

Date	Name of the Speaker	Designation	Department	Topic
10.11.17	Dr.B.V.Rama Chandra	Professor & HOD	Dermatology	Evaluation of Dermatophytosis with respect to epidemiological factors morphological patterns and invitro sensitivity patterns to various antifungals used
	Dr.A. Aswini Kumar	Professor	General Medicine	Whither Medical profession
25.11.17	Dr.I.Tammi Raju	Assistant Professor	Cardiology	Role of Endo vascular, therapy in acute limb ischemia (ALI) a series of 3 cases
	Dr.D. Mahesh Kuma	Assistant Professor	Orthopaedics	A case report on a rare case f Gaint Cell Tumor of fibular head
	Dr.C. Swathi	Assistant Professor	Pathology	
11.12.17	Dr.M.Simhachalam	Assistant Professor	Paediatrics	Growth profile among children with Thalassemia major on regular transfusions and oral chelation therapy
	Dr.G.Vahini	Associate Professor	Pathology	Intra operative frozen section - A Golden tool for diagnosis of surgical specimens
27.12.17	Dr. Manas Ranjan Sahoo	Associate Professor	Paediatrics	A study of renal parameters and serum electrolyte orifile in asphyxiated newborns admitted to NICU of ASRAM
	Dr.A. Aswinikumar	Professor	General Medicine	Case presentation of primary hyperparathyroidism secondary to solitary parathyroid adenoma
	Dr. S. Vankateswara Rao	Professor & HOD	Radiology
